SMALL CELL ANTENNA (A/K/A 5G) INSTALLATION IN CITY RIGHTS-OF-WAY

Informational meeting with the City Attorney, City staff and City Consultant about small cell wireless antennas being installed on top of wooden or metal PEPCO poles along roads in the City. Carriers such as Verizon and AT&T have or will soon be applying to install this type of antenna in City rights-of-way. Installation of antenna on public land is governed by federal and City law. The Mayor and Council adopted a law and application process to regulate these installations and require a License Agreement to place the antennas, and have hired a consultant to evaluate small cell antenna applications. City staff and representatives from the consultant, Columbia Telecommunications Corporation, will be present at the meeting to provide information about the City's process and to answer questions. Residents are encouraged to attend.
